

Three Hollywood Patriots Serving Uncle Sam

Many American actors, musicians, writers and artists of both sexes have joined the services to help win the war. Three screen stars are pictured above in their new roles. Left: Mrs. John D. Heriz Jr., better known as Myrna Loy, who has been appointed assistant to the director of military and naval welfare, North Atlantic area, American Red Cross. Center: Capt. Clark Gable of the U. S. air forces is now an aerial gunnery instructor in England. He is pictured demonstrating the technique of handling the waist gun. Right: The government issue haircut somewhat deglamorizes him, but it's still Tyrone Power, who recently achieved a commission as a marine.

The Casbah, Slum Area of Africa

Even commandos can't get into the Casbah, old and evil city of Algiers, North Africa. It's a forbidden zone. Left: A street scene in the Casbah. Inset top center: Military police at one of the entrances to the notorious section. Right: A native and his child lie in the gutter of a street in the Casbah.

How Soldiers Solve Laundry Problems

While many big city laundries struggle along understaffed and eliminate extra services, American soldiers in Australia demonstrate that they have their laundry problems well in hand. Aided by an electric washing machine, they do their own washing. Left to right: Sergt. John Runnels of Fort Worth, Texas, Sergt. Harry Tanrit, Chicago, Ill., and Sergt. Walter Sandberg, Duluth, Minn.

New Army Air Corps Insignia

This plane is decorated with the new insignia of the army air corps—a white star on a field of blue with a white rectangle added to both sides and the whole symbol enclosed in a red border. Beside the plane, Col. Tom W. Haste, commanding officer of Bolling Field, D. C., studies an aerial map with a member of his staff, Maj. Clark Coleman.

Military Mirror

"Mirror, mirror, on the wall, who is the fairest of them all?" The WACs at Fort Des Moines, Iowa, get more questions from this mirror in answer to that fairy tale query. They are: Is your posture perfect? Are your shoes shined? Are you smiling? and so on.

Hydro Healing

A small whirlpool is used to restore an injured nerve in the arm of Private W. Downs who was injured by a machine gun bullet on Guadalcanal Island.

Sicilian Invaders 'Pass the Ammunition'

Allied forces, in one of the greatest combined land, sea and air military operations of all time, swarmed over 100 miles of southeastern Sicilian coasts commencing the long-awaited European invasion. Men in sound-photo above are passing ammunition to attacking forces which rapidly pushed far inland. More than 2,000 Allied ships transported troops and helped pound the enemy. Despite the tremendous size of the attacking forces, most units were reported to have arrived at their objectives exactly on time.

Machine Recruits for the Army

Tanks, jeeps and other types of military motor conveyances are shown lined up as far as the eye can see in the war department's Richmond, Calif., tank depot. War equipment is assembled at the Ford Motor company's Richmond plant to which it is sent from eastern plants by rail for a final check before being sent into battle.

Chasing the Japs From the Sea

With Old Glory flying from her ice-coated conning tower, a U. S. submarine enters an Arctic port after a successful campaign against the enemy in the Pacific. The Jap flags on her side indicate the enemy warships and merchantmen she sent to the bottom.

General View in the Caribbean

Nine generals are photographed together at an air field in Panama. Left to right: Brig. Gen. Harry A. Johnson, Maj. Gen. Hubert R. Harmon, Brig. Gen. Douglas L. Weart, Lieut. Gen. George H. Brett, Maj. Gen. William E. Shedd, Maj. Gen. E. F. Harding, Brig. Gen. Joseph E. Mehahey, Brig. Gen. Gordon H. Young and Brig. Gen. Ralph H. Wooten.

To the Rear

During the first five days of the invasion of Sicily, 1,200 prisoners were captured by Allied troops. This soundphoto shows a few of them being guided through mine fields to await embarkation from the battle zone.

To Aid U. S.

Henri Hoppenot, who has been appointed to succeed Admiral Georges Robert as high commissioner for the Antilles. This change was expected to put the facilities and resources of this area, including the island of Martinique, on the side of the Allies. Two French cruisers and six tankers which had been demobilized at Martinique may be refitted for Allied use.

Sets New Record

Gunder Hagg, Swedish runner, is shown as he broke the tape to set a new official record of 8 minutes and 53.9 seconds for the two mile event in the Los Angeles coliseum. He failed to beat his own unofficial time of 8 minutes and 47.8 seconds.

G'By Mom

With five of her seven sons already in the armed forces, Mrs. Joseph MacKay of Jamaica Plain, Mass., bids farewell to her sixth son, Robert, 18, as he leaves for army service.

Here's Timely Hint For the War Bride

IF YOU are furnishing a combination living and dining room with odds and ends from the family attic why not use paint and inexpensive fabrics to harmonize unrelated pieces?

Here a combination chest and dish cupboard has been made from an old dresser. The cupboard at the lower right sits on top of the dresser and a quarter round molding nailed to the dresser top holds plates in place. Both dresser and chairs are painted cream color and quaint Dutch designs in gay colors are stenciled on them. The chair seat covers repeat the colors in these designs.

NOTE: The painted and stenciled designs used by Early Dutch settlers in America are full of sentiment for us today. The Dove of Peace and Hearts and Flowers were favorites. Mrs. Spears has prepared a large sheet of authentic designs with complete instructions and color guide for decorating furniture and other household articles. Ask for Pattern 262 and enclose 15 cents. Address:

MRS. RUTH WYETH SPEARS
Bedford Hills New York.
Drawer 10
Enclose 15 cents for Pattern No. 262.

SNAPPY FACTS
ABOUT
RUBBER

Millions of wild Hevea seeds from Brazil have been sent to neighboring countries and as far north as Central America in the extensive program under way to encourage rubber development in the Western Hemisphere. Congress appropriated \$500,000 in 1940 to stimulate rubber planting in the Americas.

India rubber pontons and ponton boats were used by the U. S. government 100 years ago. They were made of coated canvas in three compartments, each inflated by a separate tube. They were inflated by a hand bellows and collapsed and sank with the slightest leak.
